Price Three Cents

RAILROAD SHOPMEN'S WAGES CUT \$60,000,000

R. R. LABOR BOARD ANNOUNCE DECISION EFFECTIVE JULY 1

MACHINISTS, BOILERMAKERS,
BLACKSMITHS, ELECTRICIANS
SLASHED 7 CENTS AN HOUR

CARRIERS SAY CUT MEANS MORE
MEN WOULD BE EMPLOYED TO
REPAIR EQUIPMENT

(By United Press.)
Chicago, June 6.—A strike vote was ordered taken among the 500,000 members of the federated railroad shop craft unions following announcement of the United States railroad labor board of a \$60,000,000 wage cut.

The shop workers will vote whether to walk out in protest to the reduction in pay. The result will be made known June 30, the day before the new scale goes into effect.

This is the second railroad labor organization to send out strike ballots following a wage slash. The first, the maintenance of way workers, sent out ballots following a \$50,000,000 reduction in pay ordered two weeks ago.

Chicago, June 6.—Wages of railroad shop employees were cut \$60,000,000 a year today by the United States railroad labor board. Five hundred thousands men under normal conditions are affected.

The board's decision follows closely the one cutting maintenance of way employees \$50,000,000 a year.

The largest divisions of shop and equipment maintenance employees—machinists, boilermakers, blacksmiths and electricians—are reduced seven cents an hour. Pay of freight car men is cut nine cents an hour, and car cleaners five cents.

Under the decision, which is effective July 1, 70 cents an hour is the minimum rate of pay for mechanics. In petitioning for a reduction of pay of shop workers, the carriers told the board that a cut would mean more men would be employed to repair equipment of the roads. Carriers stated that with the prevailing high wages, rolling stock had deteriorated for lack of funds to hire men to do the work.

The board said in its opinion that the cuts would decrease the high cost of living. In an opinion signed by O. H. Whorton, Albert Phillip and W. L. McMenimen, representing labor, it was pointed out that even at the old scale of wages it did not enable shop craft families, with the most economical management, to procure enough food. It says an increase in pay would be necessary to enable these employees to secure a standard of living.

The failure of the majority to consider the right merits of the case had created a wage structure which has no relations to existing conditions."

Consider Wage Cut

(By United Press.)
Cincinnati, June 6.—Leaders of the railroad unions met here today to fight the slashes in pay of railroad workers by the United States railroad labor board which cut \$110,000,000 in the last two weeks.

According to William Johnson, president of the machinists union, the conference does not possess power to call a strike, but will lay plans for a strike vote.

Johnson, the members of whose union were cut from 77 cents to 70 cents an hour, today claims the railroad board which is appointed to safeguard the public interests was unjust in making the cut.

The conference was called in anticipation of the \$60,000,000 slash announced by the board today.

INVESTIGATING GAS PRICE INCREASES

(By United Press.)
Washington, June 6.—Recent increases in gasoline prices are under investigation by the department of justice, it was announced today.

New Record for Old Timers Was Attained Today

Congratulates Slayer Of "Perfect Lover"

(By United Press.)
Kansas City, June 6.—Marie Beal, pretty slayer of Frank W. Anderson, today received a letter of congratulation upon her "marksmanship." The letter, signed by Dr. and Mrs. H. W. Mak and Mrs. Flo Bashford of this city, declared:

"This world needs more girls who have the courage and ability to shoot straight. There is still plenty to live for. The stars are still in the heavens and the flowers still blooming."

At the General hospital, physicians believed Miss Beal will recover from her self inflicted wounds.

Hasband of Woman Found

Terre Haute, Ind., June 6.—Louis J. Beal, divorced husband of Peggy Marie Beal, who shot and killed Frank Anderson, her lover, in Kansas City, was found here today. Beal lives here with two sons of their marriage, Louis, 13, and Stephens, 16.

He said the mother, who is now under arrest, came here with him seven years ago but left following domestic troubles. He said he had never heard of Anderson.

"Peggy was very moody," said the former husband. He was sorry to hear of her plight.

Beal has remarried.

RETAILERS MAY BOOST COAL PRICES THRUOUT NATION

UNLESS CONGRESS TAKES SOME
ACTION TO PREVENT OFFICIALS BELIEVE

(By United Press.)
Washington, June 6.—Unless congressmen take some action immediately, the price of coal will be boosted throughout the nation from \$1.50 to \$2.00 a ton, officials believe.

Just as the "moral agreement" plan between Secretary Hoover and the coal producers affected a fifteen per cent saving, the retail dealers blasted the scheme with an announcement that increased prices are inevitable.

"Congress is the only body which can set up a stand to control prices in this emergency," Secretary Hoover told the United Press before leaving on a western trip.

"I do not recommend such action. I merely point out no other man or group of men in the United States can arbitrarily thwart the retailers if they were to raise the prices."

TWIN CITY STREET CAR CO.'S POLITICAL EXPENSES ENORMOUS

TWO MINNEAPOLIS ALDERMEN
CHARGE IN RESOLUTION MANY
CITIZENS RECEIVE BIG SUMS

Minneapolis, June 6.—An attempt to disclose alleged political expenditures on a large scale by the Twin City Rapid Transit company was begun today.

Two Minneapolis aldermen, I. G. Bastis and I. T. Scott, with the aid of City Attorney Neil Cronin, prepared a resolution for presentation at Friday's council meeting under which the city valuation expert, Dr. Delos F. Wilcox, is to advise the council how the company spent \$2,000,000 not accounted for, to whom the money was paid, and what for. Predictions were made that the disclosures will make the most sensational chapter in the history of the company. Among the charges that Bastis and Scott said would be made are that huge sums were spent in the campaign resulting in the passage of the Brooks-Coleman street car bill in the legislature, and that many leading citizens and politicians have received sums in connection with political activities.

LILLIAN RUSSELL NOTED ACTRESS, DIES IN PITTSBURG

SUCCUMBS TO A COMPLICATION OF
DISEASES BELIEVED RESULT OF FALL

(By United Press.)
Born in Clinton, Iowa, 1861. Baptized as Nellie Leonard. Educated in a Chicago convent. First amateur stage appearance in 1877. First professional appearance in 1879.

Married Harry Braham, the first of her four husbands.

Became internationally famous beauty singing leading light operatic roles in London and New York. Sang "Erminie" with De Angelis in 1897.

Joined Weber and Fields in 1899. Retired from stage in 1912, and married H. P. Moore.

Pittsburgh, June 6.—Lillian Russell is dead. The former stage beauty succumbed early today to a complication of diseases believed the result of a fall on board ship while returning from Europe where she studied immigration conditions for President Harding.

The end came at 2:20 after an illness of two days. There were at her bedside her fourth husband, Harry P. Moore, Pittsburgh publisher, a daughter by a former marriage, Mrs. Dorothy Russell Calvit, and a niece, Mildred Martin.

BIRTH CONTROL STUFF BUNK SAYS CHAMPION FATHER

(By United Press.)
Harlan, Conn., June 6.—Robert Baker, 84 years old, father of 33 children, today told American birth control advocates their "stuff is bunk."

"I have heard tell of these people in the cities who claim there ought to be a law against having all the children you want," Baker, self-titled world's champion papa, declared.

"If a man's got a good herd of cows and a house, there is no sense in limiting the number of kids he can have."

Baker is the milkman of Harlan. "What America needs is birth encouragement laws instead of birth control laws," Baker continued.

"No, I can't see where it is theft to have your first child, and then you will have something to work for. You'll support it all right."

Baker said he was a father for the first time when he was 17. His last child, Bobby, was born this week. Bobby's mother is Baker's seventh wife.

UNIONS SUBJECT TO ANTI-TRUST LAW IS RULING

Washington, June 6.—Deciding the celebrated Coronado coal case, the supreme court yesterday held that labor organizations, although unincorporated, are amenable to the Sherman anti-trust act and that under it such organizations may be prosecuted for restraint of interstate commerce. The court also held that labor unions are sueable. Chief Justice Taft, in announcing the decision, did not indicate any dissent.

The case which presented the questions passed upon by the court, was an appeal by the United Mine Workers of America, district No. 21, of that organization, and its officers, 27 local unions in that district and their officers, and 65 individuals, some of the latter not members of any union, from a decision by the United States district court of Arkansas, approved in them guilty of violating the Sherman anti-trust act during coal mine strikes in Arkansas in 1914, and imposing damages of \$200,000, which were trebled under the anti-trust law.

MISS SALISBURG WILL GO ON TRIAL FOR MURDER

(By United Press.)
Montevideo, June 6.—The grand jury will act on evidence against Elsie Salisbury, accused of murder, later today. The pretty railroad stenographer shot Oscar Erickson, division accountant, for the St. Paul road in the local office last April. Erickson died a few days later.

Afterwards Miss Salisbury became hysterical and pleaded to be allowed to die. She refused food and was under the care of physicians.

Officials believe she will be able to stand trial now if she is indicted. Witnesses were presenting evidence to the grand jury today.

WILSON BROKE HIS WORD BY ENTERING WAR SAYS THOMPSON

AFTER HE HAD PROMISED TO
KEEP US OUT OF WAR; RESENTS
BEING CALLED A TRAITOR

(By United Press.)
Chicago, June 6.—Mayor William Hale Thompson charged today that Woodrow Wilson broke his word by "entering the world war after he had promised to keep us out."

The mayor was called as a witness in his \$10,000,000 libel suit against the Chicago Tribune.

The mayor held that the newspaper had libeled him when it called him a "traitor" for utterances concerning the war. Thompson said he was against America entering the world war, but was favorable to the conflict after the war declaration was made.

COURT DECISION MAY HASTEN END OF COAL STRIKE, SAY MINERS

BY DECISION OVER MILLION DOLLARS IN MINERS FUNDS ARE
RELEASED FOR STRIKERS

(By United Press.)
Washington, June 6.—The supreme court decisions releasing \$750,000 of United Mine Workers' funds may hasten the end of the strike, mine officials said today. The decision released for use of the mine union the funds which have been tied up in escrow for years in connection with the Coronado Coal company's damage suit. The supreme court has ruled in favor of the United Mine Workers.

Release of this sum and the virtual certainty that as a result of the decision the mine workers will recover another \$350,000 tied up in an identical suit brought by the Pennsylvania Mine company, now pending in circuit court of appeals in St. Louis, will so strengthen the miners that the coal operators may be willing to meet them in conference to settle the strike at once, according to opinion expressed at union headquarters today.

BROOKHART NAMED REPUBLICAN NOMINEE FOR SENATOR IN IOWA

(By United Press.)
Des Moines, Iowa, June 6.—Iowa has apparently handed the "old guard" of the republican party the third successive defeat in the state senatorial primaries.

Senator W. Brookhart, progressive, on the basis of present returns, has been named republican candidate for United States senator from the state, holding more than the required 35 per cent of the total votes in his field of six candidates.

The other two primaries where the old guard went down to surprising defeat were in Indiana, where Albert J. Beveridge was chosen candidate, and in Pennsylvania, where Gifford Pinchot was successful over the old Penrose machine.

TAXES ON MINNESOTA FARM LAND TOO HIGH

(By United Press.)
St. Paul, June 6.—"Taxes on farm lands in Minnesota are so high that they are almost confiscatory," E. J. Quamme, president of the St. Paul Federal Land bank, told the St. Paul transportation club today.

"To bring about lower taxes and a more normal condition in the state, counties and townships must practice rigid economy in expenditures."

He cited one case where nearly one-half of the net income of a 200-acre farm was paid out in taxes.

MARKET REPORT

(By United Press.)

South St. Paul Livestock
South St. Paul, June 6.—Estimated receipts at the union stockyards today: Cattle, 1,800; calves, 2,200; hogs, 8,800; sheep, 100; cars, 214.

Cattle—Beef steers, \$7 to \$8.75; cows and heifers, \$4.25 to \$8; canners and cutters, \$2.50 to \$3.75; butcher bulls, \$3.50 to \$4; veal calves, \$4.50 to \$9.50; stock feeding steers, \$5 to \$7.50.

Hogs—\$8.75 to \$10.75.
Sheep—Lambs, \$5 to \$12.25; ewes, \$1.50 to \$6.75; wethers, \$4 to \$8; yearlings, \$8 to \$10.25; bucks, \$2.50.

Minneapolis Cash Grain

Wheat—No. 1 Dark Northern \$1.42½ to \$1.50½; No. 1 Northern, \$1.38½ to \$1.47½.

Corn—No. 3 Yellow, 51c to 52c.
Oats—No. 3 White, 32½c to 33½c.
Barley—Choice, 55c to 58c.
Rye—No. 2, 86½c to 87½c.
Flaxseed—Fancy, \$2.54½ to \$2.56½.

Protest Wage Cuts Lower Morale of the Workers

(By United Press.)
Chicago, June 6.—Families of shop craft workers employed by railroads will be unable with the most economic management to procure enough food for their families, labor representatives of the railroad labor board declared today in protesting the new cut in pay of shop workers.

Other objections to the pay cut approved by six of the nine board members follow:

The wage now set rests upon no consideration of the human needs of the employees affected.

Rates of pay being insufficient to provide for a family of five will leave "permanent traces of malnutrition on the physique of the next generation."

Rate of pay established give lower purchasing power and lower standards as compared with pre-war years. Savings to railroads will far exceed anything justified by the saving to the public in the decreased rates.

Greater profit for companies and lower service will result in a lower morale of railroad employees.

EMPLOYMENT GAINS IN MAY SET RECORD

ELEVEN INDUSTRIAL GROUPS REPORT INCREASES IN WORKERS
—TRADE INCREASE STEADY

Washington, June 6.—Reports to the United States employment service of the department of labor showed a more marked improvement in employment condition in May than in any recent month. There was a net increase of 3.2 per cent in the number of workers employed by 1,428 firms located in the 65 principal industrial centers of the United States. These companies reported 1,669,988 workers employed on May 31, as against 1,616,834 on April 30.

There were increases in the number employed in 11 groups of industries and decreases in only three groups.

Out of 65 cities, 49 reported employment increases in May over April.

Steady Expansion Apparent

"The country as a whole is rapidly getting back to an employment basis, with the exception of the coal and cotton textile industries," Francis I. Jones, director general of the employment service, said. "The broadening out of industry in nearly all lines of activity for May clearly emphasizes the fact that business depression is behind us. Confidence is restored. June will accentuate the upward movement. Industry is steadily expanding."

"Vehicles for land transportation recorded 11.2 per cent increase in employment over April. Railroad repair shops showed 4 per cent; iron and steel and their products, 4.5 per cent; clay and glass products, 4.5 per cent; lumber and its manufactures, 3 per cent; food and kindred products, 2.9 per cent; metal and metal products, 1.5 per cent, and paper and printing, 8 per cent.

Decrease in Three Industries
"Decrease in employment was shown in leather and its finished products in May of 3.96 per cent; tobacco manufacturers 2.9 per cent, and liquor and beverages, 9.9 per cent.

"Building construction widened in May over April. A genuine building boom is on throughout the country. A shortage of carpenters, bricklayers and plasterers exists in many of the 231 principal industrial centers. Wheat cutting has started in Texas, and large numbers of men will be absorbed in the harvest fields."

Decorating City
Nine blocks of Brainerd business district are to be decorated, experts having been engaged from the cities.

A. J. Hage Coming

A. J. Hage, in early days interested in Brainerd and also station agent, later merchant and one of the founders of the First National bank of Deerwood, who removed to Minneapolis and later to California, will bring wife and family to the Brainerd home coming.

ROBERT MORRILL DROVE TOTE TEAM PAST HERE IN 1869

TOOK HIS FOUR HORSE TEAM
HAULING 3 TONS SIX DAY, ST.
CLOUD TO PINE RIVER

MORRILL WILL INTEREST ALL HIS
LUMBERMEN FRIENDS OF OLD
DAYS IN CELEBRATION HERE

Robert Morrill visited the Dispatch on Tuesday morning and claims the record when it comes to old-timers. He drove a tote team with four horses in 1869 from St. Cloud to Pine River before anybody thought of making a start at a Brainerd town-site.

It took 12 days to make the round trip with the four horses and big freighting wagon from St. Cloud to Pine River. The route of Mr. Morrill led from along the east side of the Mississippi until at Crow Wing, where the government had a ferry. There he crossed and then traveled along the west bank and up to Pine River. The old government trail led to the west of what is now Brainerd.

Mr. Morrill read with deep interest the story of lumbering days given the Dispatch by James M. Quinn and he said it brought back vividly the old days. A summer load hauled was three tons. With good sleighing the tonnage was increased.

Mr. Morrill now lives in Gull River where there are other old timers of Brainerd including Gus King, Seth Phillips and others and he will send in all the names so that invitations can be addressed there.

Mr. Morrill is 75 years old, uses no glasses and is hale and hearty and hopes to see several more Brainerd celebrations. In the early days he worked for Fred Mayo, and later for Jerry Howe in Brainerd. He and King worked together in the old days and Morrill is now staying at King's farm.

50th Anniversary of Her Own

Mrs. Mary Jones of Oregon City, Oregon, who has been spending a couple of weeks with Mrs. H. J. Wilson started on her return trip Monday.

While there, she discovered that it school picnic on Thursday, June 1st, on the bank of the Mississippi river back of the Sisters hospital.

While there, she discovered that it was the identical spot where she had a school picnic fifty years ago. Mrs. Jones had not visited Brainerd for many years and was amazed at the great improvements made in the city since her visit here. She said finding the picnic grounds wasn't half the task that it would be to re-discover her scholars of 50 years ago. Mrs. Jones has been put on the list of Brainerd residents and will be sent an official invitation to attend.

Old Timer's Letter
The Dispatch on June 1 published an interesting letter from an "Old Timer" which reverted back to the Brainerd of 50 years ago, and later. It was excellently written and was a mass of historical data. It did not bear the writer's name.

Prof. J. A. Wilson expressed his regret that "Old Timer" did not put his name to the article in the Dispatch, as every one wants to know the writer.

Mrs. Elizabeth Fleener, city clerk, sent in a list of 137 names of former Brainerd residents. It took six weeks to compile it and furnish correct addresses.

Decorating City
Nine blocks of Brainerd business district are to be decorated, experts having been engaged from the cities.

POLICEMAN SHOT BY CAR OCCUPANT; WOMAN IS HELD

(By United Press)
 Minneapolis, June 6.—Mrs. Hazel Sabine was held by police today in connection with the shooting of Policeman Gust H. Johnson at an early hour this morning.

Johnson approached an automobile without lights on the river drive and announced the occupants of the car under arrest. A shot from within the car struck him in the head. Johnson fell and fired two shots at the car. A man's voice called "I'm shot."

The police gun squad found no trace of the men. The woman said she had never met him before.

Patrolman Johnson is expected to recover.

ROUMANIAN PRINCESS TO WED SERBIAN KING

(By United Press)
 Belgrade, June 6.—Princess Marie of Roumania, accompanied by the royal Roumanian family, is en route here today on Danube river by steamer to meet King Alexander of Serbia, to whom she will be married Thursday.

The attention of the Balkans is centered on this historic city as royalty gathers from all parts of Europe for the ceremony. The Duke of York, representing Britain, and Prince Alfonso and Princess Beatrice of Spain have already arrived. Prince of Udine, representing Italy, will reach here this afternoon.

Paved Streets, Parks, Schools, the Court House

Fifty years ago, Brainerd was a village in the pine forest. It had none of these public improvements. As they were needed, the city issued bonds and warrants to raise the money to build them. These securities were excellent investments for bank deposits.

The people were enterprising and thrifty. They created wealth and built up bank deposits. Thus the First National Bank has always been able to subscribe liberally to city improvement projects.

ST FRANCIS PAROCHIAL SCHOOL ENLARGED

Building Fronting Juniper Street to be Extended 50 Feet to Side-walk

ADDS FOUR NEW SCHOOL ROOMS

Third Story to be Added to the Building, Supplying a Large Hall For Meetings

Some important improvements are planned for the parochial school of St. Francis Catholic church, corner of North Broadway and Juniper streets, during this season. The building, which fronts on Juniper street, is to be extended a distance of 50 or 60 feet to the sidewalk. By this extension four additional school rooms will be added, two on the ground floor and two on the second floor. A third story will also be added to the building, where there will be a large hall the full length and breadth of the building, which will serve for the meetings of the various organizations of the church and other large gatherings. It is planned to have these improvements completed before the sessions of the school are resumed in the fall.

There were 285 pupils enrolled in this school during the past year, and as considerable of an increase in attendance is expected this fall, it became absolutely necessary to enlarge the building. The Catholic Sisters are teachers in the school, and make their home in a commodious building immediately adjoining, which was erected for the purpose last summer.

The Sisters have been very successful with the schools, and under their careful and capable management it ranks high as an educational institution, and is a valuable asset in our growing community.

MRS. SOREN TOLLEFSON DIED

Leaves Husband and Three Daughters and Her Aged Mother, Who Lives in Northeast Brainerd

Mrs. Soren Tollefson passed away on Monday afternoon, at her home 724 South 10th street, after a long illness. She was born in Iowa the 13th of November 1877, and reached the age of 44 years, 7 months and 22 days.

She is survived by a husband Soren Tollefson, and three daughters Mrs. Mabel Hagarty of St. Paul, and Julia and Anna, who have been faithfully nursing their mother while sick. An aged mother, Mrs. Anna Johnson of N. E. Brainerd, is still living. The sympathy of the community is extended to the bereaved family.

The funeral will take place tomorrow, Wednesday, at 2 o'clock from the Bethlehem Lutheran church, Rev. O. S. Winther, officiating.

The pallbearers are Carl Anderson, John M. Bye, Gust Halvorson, Sam Engbretson, Andrew Holm and Theodore Newgard.

CLOUD IS GIVEN TERM IN PRISON

Mrs. Cronin Sentenced to Shakopee; Appeal Will be Made

(St. Cloud Journal Press)

Willard H. Cloud, insurance salesman, and former banker of Pequot, Minn., was sentenced to serve two years in the Minnesota state prison by Judge Roeser for a statutory offense as a result of a jury's verdict received a week ago. The sentence is the maximum allowed by the law.

Mrs. Lillian Mae Cronin, indicted with Cloud by the grand jury, and found guilty of the same offense in district court last Saturday, was sentenced to serve nine months in the reformatory for women at Shakopee. A move was made to have the sentence suspended. Judge Roeser said that he will reserve action on the motion until July 15, the day on which a stay of sentence granted the defense expires.

Ludwig Solem, attorney for Cloud and Mrs. Cronin, requested a stay of sentence to perfect an appeal to the state supreme court. Additional bonds were requested by the court. Cloud and Mrs. Cronin are both free on bonds of \$1,750 each.

Judge Roeser severely censured Cloud upon imposing sentence, terming him "a back-alley tom-cat."

It is reported that efforts are being made to effect a reconciliation between Mrs. Cronin and her husband, Walter Cronin, in which case the defense plans to pave the way for a suspended sentence for Mrs. Cronin.

Methodist Aid

The Methodist Aid will meet in the church Wednesday afternoon, and will be entertained by Mrs. Mark Cochrane and Mrs. Frank Jordan. Visitors are welcome.

MODEST AND USEFUL BATHING COSTUME

One of the latest creations in bathing suits, which is bound to become popular on account of its modest lines.

BRAINERD'S ODDEST STORIES OF TODAY

Miss Islay McColl discovered O. E. Hickethier cleaning fish in a new manner. He just took a saw and sawed off the scales.

SPLIT IN BAPTIST CHURCH THREATENED

(By United Press)
Indianapolis, June 6.—Old fashioned Baptists north of the Mason Dixon line threatened today to pull away from the church and set up a new denomination to conform strictly to their belief.

The fight between the "fundamentalists" and the progressives will come to a head in the Baptist northern convention opening here June 14.

A group of churchmen who interpret the bible literally without allowance for figures of speech may bolt, and enter an independent convention, but liberal leaders who control the convention say the number will not assume any serious proportions.

BRITISH DROVE FREE STATE TROOPS FROM ULSTER, NOT REBELS

(By United Press)
London, June 6.—Michael Collins' charge that the troops driven from Pettigo by the British were Free State regulars and not rebels, will be taken up here tomorrow by Arthur Griffith and other representatives of the Dail in conference with Winston Churchill, minister for the colonies. The Irish delegation leaves Dublin tonight.

FRIGHTENED TEAM THROWS MAN UNDER WHEELS OF AUTO

(By United Press)
Minneapolis, June 6.—Ruell Robinson was fatally injured early today when his team became frightened at an automobile and threw him beneath the wheels. He died soon afterward.

William Morrell, driving a home made car, was taken in custody by police. He had no license on the car. Witnesses said he drove away after the accident.

Raw Onion Purifies Air.
Disease germs cannot flourish in the veins of any person who makes a habit of eating the humble but invaluable onion. In remote villages the old custom still exists of placing a plate full of sliced onion beside the bed or coffin of any person who has died of an infectious disease. Although those who follow this practice cannot explain it, the fact is that the raw onion destroys germs and purifies the infected air of the death chamber.

CHILD WELFARE REPORT FOR APRIL AND MAY

The coming of spring with good road conditions has made work through the rural districts and more distant towns again possible, and it is the hope of the Child Welfare Board and its executive secretary, that much intensive work may be done this summer, especially in the above mentioned districts.

During the past two months a total of 74 cases have been handled, some of which have required almost continuous daily effort. Results come slowly and only through persistence, patience, repeated effort and kindness.

The board feels grateful to the people of vision in the county and outside who, being able, have taken or are ready to take some unfortunate child in their homes. Four such placements have been made during this period and have thus far proven satisfactory. These are not placements for adoption, but simply a generous impulse to help these boys and girls on to self-support and man and womanhood. At the same time two foster homes are under consideration, one of which is receiving a child from our own county.

One boy, a chronic truant, was committed through the juvenile court to Red Wing. He expressed a willingness to go and will undoubtedly be placed out to work through the institution and subsequently be supervised by the parole agents.

Action is pending in two adoption cases and one case of neglect which is to be brought before the probate court soon. Only in cases where there is no alternate are children removed from their homes, for a poor home with love and tenderness is far preferable to any institutional home though it may offer ever so many advantages in other respects.

FOREST FIRES ARE UNDER CONTROL

(By United Press)
St. Paul, June 6.—With the exception of the fire at Cramer and Baptism River, the forest fires on the north shore of Lake Superior are all under control, State Forester W. T. Cox announced today.

Cramer announced that campers and others responsible for starting fires in that district will be prosecuted.

LENINE SUFFERS FROM GASTRIC ATTACK

(By United Press)
Riga, June 6.—Premier Lenine of Russia suffered a severe attack of gastritis May 28, according to a statement issued by the Soviet embassy today.

Coupled with previous overwork, the attack has affected his nerves and circulation. His circulation is now normal, however. Doctors have ordered absolute rest.

SMALLEST RADIO SET IN THE WORLD

WOULD-BE ASSASSIN THROWS PRUSSIC ACID OVER GERMAN LEADER

(By United Press)
Cassel, Germany, June 6.—Phillip Scheidemann, German political leader, is bed ridden today as a result of having prussic acid thrown over him by an assassin.

He is suffering chiefly from the shock. The attack on Scheidemann was made in the streets of Cassel as he was taking a stroll. He fired two shots at the man, but he escaped. One suspect was arrested, but released upon proving an alibi.

SUICIDED BECAUSE HE WAS LONESOME

(By United Press)
Deadwood, S. D., June 6.—The difficulties that beset a single man caused the death of E. P. Stine.

A note found on the dead man's body explained in a rambling way that there was an exception to the adage about "single blessedness."

Stine told of ill health and lonesomeness. He was watchman on the Mogul property near the Terry mines. His body was found in a shed there. He had taken cyanide potassium.

"Listen, Peggy—every mudder gives her kiddies KELLOGG'S because you can eat great big bowls 'n' they taste good—er an' they're all crispy 'n' dandy!"

You never tasted Corn Flakes so joyously flavored, so crispy-crunchy as Kellogg's

That's why big and little folks who know the difference insist upon KELLOGG'S! The thing to do is to make comparison—Kellogg's against any other kind of corn flakes you ever ate! If it's quality, or all-the-time crispness or delicious or appetizing flavor you want—well, just wait till you eat Kellogg's! And, what a delight to know they're never leathery!

You'll get so cheerful about Kellogg's that the day's best hours will be when it's time to sit down with the family in front of generous bowls all filled most to bursting with those big, sunny-brown Corn Flakes! Never was a better time than tomorrow morning to prove that KELLOGG'S Corn Flakes are about the "gladdest of all good things to eat."

Insist upon KELLOGG'S—the kind in the RED and GREEN package—if you want to know how wonderfully good corn flakes can be!

The Sign of SINGER SERVICE

SINGER SHOPS are local and readily available for your convenience as free schools of instruction in use of your machine, for supply of needles, oil, etc., and for expert hemstitching to order.

The owner of a SINGER is assured of a service impossible to catalog houses, department stores or electrical dealers.

The SINGER Portable Electric No. 99K-1

Ask the Woman who owns one

It has oscillating sewing hook mechanism with the round bobbin, similar to that of the well-known "Singer 66". A trial of its knee-lever control will quickly convince you as to its great convenience. Only a slight pressure against the knee-lever is necessary to start the machine and as you increase the pressure the machine gains speed. Any speed is readily obtained—from the slowest up to 800 stitches a minute. Think what the high speed of this machine means when you have a lot of sewing to do and want to finish it quickly. It costs little to operate—four hours of continuous sewing for one cent.

BIG SAVING FOR FARMERS

OFFICIALS of the Minnesota Farm Bureau express the opinion that the farmers of the United States will be saved approximately \$127,000,000 if the recent 10 per cent cut in freight rates on commodities other than agricultural products, ordered by the Interstate Commerce Commission, is passed on to the consumer. The farmers, they claim, pay eventually 55 per cent of the nation's freight bill, and as a result, any cut in freight rates directly benefits them.

It is asserted by the Farm Bureau that the reductions in railroad rates on farm products effective last January are savings southern Minnesota farmers more than \$500,000 a year, which has been shown by a survey in that section of the state of the effect of rate reductions on the transportation of agricultural products. The survey was made in the 28 counties in the three southern tiers. This estimate is by many considered too low, and it is thought the actual savings probably will amount to \$1,000,000.

The Farm Bureau Federation was one of the factors which obtained this reduction for farmers, and which means such a saving to them. The rate reductions on which data was collected went into effect following hearings by the Interstate Commerce Commission, after which the Commission ordered rates on hay, wheat and coarse grains cut an average of 16 per cent. The various transportation companies, after a series of conferences, in which the Farm Bureau Federation appeared also, put into effect a cut of 10 per cent on products not included in the hay and grain rate order.

INFLUENCING AMERICAN OPINION

JUST how much money is being spent by foreign propagandists in their effort to induce the United States to become a party to the political negotiations of Europe has not, of course, been made public, but it is quite evident that they are wasting their money, for they are getting no tangible results in return.

Dispatches are cabled from Europe daily with the evident design of influencing public opinion in America, but these dispatches are so crudely devised that they disclose their purpose to even the most unsophisticated. The Internationalists who would break the United States away from its traditional policy of independence will need to employ more clever organization of publicists if they hope to accomplish the ends they have in mind. The number of Americans who are so innocent as to be misled is so small as not to be of material effect in changing the consensus of opinion.

AMERICAN RELIEF IN RUSSIA

FEW PEOPLE fully realize the amazing magnitude of America's philanthropy in famine-stricken Russia. Geo. Barr Baker, of the American Relief administration, who recently returned from Russia, states that 7,500,000 persons are being fed daily, including 2,900,000 children.

A territory as wide as the United States itself—from Petrograd to Odessa—is embraced in the area of American bounty. Funds approaching a total of \$50,000,000 have been spent. An American organization directed by 140 Americans controls the activities of 84,000 Russian relief workers. The food is, for the most part, dispensed daily from 11,000 kitchens.

The chief concern of the administration is for the children. Granted a good harvest this summer, America's relief activity in Russia can be abandoned by the close of the year.

NEW CANADIAN TARIFF HITS U. S.

THE NEW Canadian tariff law increases the British preference on several commodities, such as beets and shoes. While this preference is not extended to the United States, it is not great, but the increasing of the tax on sales and on imports by 50 per cent, bringing it to 6 per cent, shows a tendency on the part of Canada to place barriers against imports.

This bill thus hits the United States especially hard, for it has long been the chief exporter to Canada. Its exports were four times those of Britain last year. The sales tax on imported articles last year amounted to \$16,000,000, and was paid chiefly on American goods.

THE DEADLOCK over Federal good roads between the Senate and the House has been broken by their conference reaching a compromise by which \$50,000,000 will be available during the next fiscal year for continuing Federal and State co-operation in road development.

SENATOR KELLOGG will not come to Minnesota before the primaries. He will be detained in Washington indefinitely by new business which has come up. But this fact isn't bothering either the Senator or his friends much. He is right in staying in Washington doing his duty, and the people will see that he goes back there for another six years.

OTHER PEOPLES IDEAS

IT'S A SHAME

Editor Dispatch: about Brainerd last year was the about Brainerd last year was the brown lawns. The lawns were neglected because of the high meter rate for water.

It looks as if too many lawns would be brown again this year from present appearances. Already the neglect is being shown, and it is a shame for nothing adds so much to the beauty of a home as a pretty lawn. The present sprinkling price granted by the water and light board is most reasonable, and those interested not only in their own homes but in the city of Brainerd as a beautiful city should sprinkle and keep them green.

I pass a beautiful home which certainly could not be replaced for \$10,000 to \$12,000, and its beauty is lost by its ill kept lawn. This is one of many. While we are boosting Brainerd let us not neglect the beauty of our homes.

OBSERVER

NOTE—Speaking about sprinkling, the little plot of lawn outside of the Water & Light Office is an example of lack of sprinkling. The board should take advantage of its own low rate.—Ed.

NORTHWEST NEWS

Tried on Murder Charges

St. Paul, June 6—Louis Torvick and Charles A. Blad were to be heard today on charges of murder in connection with the death of Fred Lindberg, Soo Line watchman. Three others arrested on the same charge are now held. Several other men were taken in custody.

Lindberg was shot by robbers who were looting box cars in the railroad yards here May 10.

John Bacon, colored, was to be tried today on a charge of murder. He is alleged to have shot and killed James Branson, colored, three weeks ago.

Charged with shooting Angelina Ritzinger, May 20, James Simpson, alias James Mitchell, faced trial today on a charge of first degree murder. Judge Lewis appointed James Corsican to defend Simpson.

Bids For State Printing

St. Paul, June 6—Bids for the state's annual printing work were opened by the state printing board today. Sam Y. Gordon, was recently re-elected state expert printer for a three year term. Gordon has served six years. He was formerly lieutenant governor.

Office Dispute Before Court

Bismarck, June 6—The prolonged dispute over the land commissioner's office is before the state supreme court today at the opening of the June term.

William Prater, land commissioner under former Governor Lynn J. Frazier, nonpartisan, appealed to the high court from the decision which declared Carl Kositzky appointee of Governor R. A. Nestos, entitled to the office.

So vigorously did Mr. Prater contend his right to the office that he refused the combination of the safe to Mr. Kositzky and it was necessary to drill a hole in the vault to secure the records.

Grand Encampment I. O. O. F.

Grand Forks, June 6—Several hundred delegates are here to attend the annual grand encampment of the Independent Order of Odd Fellows. The grand canton of the state and Rebekah annual convention are being held here simultaneously.

Important among the matters before the Odd Fellows will be a discussion of the new home which the committee in charge of this phase of lodge work recently voted to locate at Devils Lake.

Strange Thing.

One of the strangest things in this world is why a woman will tell the neighbors her daughter can sing when their ears are perfectly obvious.—Dallas News.

GAS ORDINANCE HAS FIRST READING

Presented to the City Council at Monday's Session by Mayor F. E. Little

GAS COMMITTEE MEETS FRIDAY

Mayor Little Urges Parking Place For Farmers Teams Home Coming Week

The gas ordinance received its first reading at the city council meeting on Monday evening, the ordinance being presented by Mayor F. E. Little. The gas committee will have a further meeting with the representatives of the Brainerd Gas & Electric Co. on Friday afternoon, June 9. It is expected that a second reading may be given soon, probably at the next meeting.

General Sewer Plans

L. P. Wolff of St. Paul, consulting engineer of the city, presented tentative plans for the new general sewer. The general plans will be presented to the council on June 19 and completed plans at the July 3 meeting.

Paving Contract Let

The council went into executive session about the paving. On resuming their general session, Alderman Lyonnais, seconded by Adnerman Holmstrom, moved the bid of Ostrand & Hallett of Crosby for paving with gravel concrete be accepted, which motion carried. The paving is a large project which includes Fifth, South Sixth, West Laurel streets and two intersections on North Fourth street, totaling 28,600 square yards.

Parking Signs

Parking signs on each side of a hydrant was discussed. The idea is to paint "No Parking" on the curb line. The matter was left in the hands of the city engineer.

Farmers' Teams

Mayor Little was given authority to handle street traffic as he saw fit during Home Coming Week.

Mayor Little asked that a parking place for farmers' teams be provided. It is the intention to show them every bit as much courtesy and consideration as the big touring cars.

Bridges Repaired

The council ordered repaired a small bridge on South Seventh street, and one south of Rosewood St. The letting of ditch repair on Lake avenue, Northeast Brainerd, was referred to the finance committee.

On motion of Alderman Lyonnais, seconded by Alderman Cameron, carried, the city engineer was ordered to tear out the old city scales and have filled the space so occupied by them.

A dangerous hole at 4th and Florence streets, West Brainerd, was ordered to be filled up at once.

The bond of F. A. Farrar, sinking fund commissioner, was ordered renewed.

The bond of former clerk George W. Grewcox was ordered released and a bond was ordered for the present clerk.

Testing Milk for Butterfat

The Trades & Labor Assembly asked that milk sold the public be also tested for butterfat and that reports of the same be published in the papers. The council favored this and the dairy inspector will be instructed to make tests of milk.

Pool Room License

The pool room license of Koukis Brothers was granted a renewal, subject to the approval of the police committee.

Vote Canvassed

The vote cast at the special election of May 25 when bonds and amendment were heavily defeated was canvassed and no material change found in the figures unofficially given out.

Routine bills were allowed.

Mrs. W. H. Gemmell addressed the council asking leave of absence of a month with pay for Miss Eula Michael, city health nurse, in order that she may attend the Institute of School Health in Omaha. On motion of Aldermen Anderson and Cordes, carried, the request was granted.

The Brainerd State bank, Brainerd Mercantile company and Contractor C. B. Rowley were given permission to use certain streets while building.

Tax Discussion

The League of Minnesota Municipalities meets in Crookston on June 21 and 22 and the association asked Brainerd be represented. City Attorney Fullerton will attend. He is a member of the tax committee and has prepared a paper to be read taking up taxation in reference to the Railway Gross Earnings Tax, etc. Two Harbors will send a delegation of three to the convention.

BRAINERD TO PLAY WADENA

Twilight Game 5 P. M. Sharp at the Koering Grounds on Friday, June 9

HOW FOLEY PILED UP ITS TEN

Posten for Brainerd Pitched a Good Game but the Support Accorded Him Was Wobbly

This is a story of how Foley won 10 to 3 from Brainerd at Foley. Posten, on the mound for Brainerd, pitched a great game, but his support wobbled at critical times, Brainerd amassing seven errors.

Brainerd started with a score in the first inning. Foley scored 5. Four errors coupled with two hits did the damage.

Two hits without error allowed Foley two runs in the second. Singles by Emerson and Gaskill and a double by Molstad netted Brainerd two runs in the sixth frame, which ended their runs.

A base on balls, one hit and two errors gave Foley two more runs in the seventh. Two hits piled up a run for Foley in the eighth, being a total of nine unearned runs with one earned for Foley.

Brainerd will play next Friday evening at 5 o'clock sharp at the Koering grounds. Wadena has a fast team and they're coming with great expectations of putting a crimp in Brainerd.

This game is for the benefit of the Peoples Congregational church and the boys expect a large attendance.

Brainerd plays Park Rapids at Park Rapids on June 11 and a good game and large attendance is expected.

Summary: Two base hits, Emerson, Molstad and Chicken. Struck out by Posten 6, Chase 12. Hit by pitched ball Maxwell. Bases on balls, off Posten 2, Chase 1. Umpire Ready. Time 1 hour, 55 minutes.

WEST SIDE BALL GAME

North Side of Track Defeated By the South Side of Track by the Score of 19 to 9

The South Side of the Track team defeated the North Side of the Track nine by a score of 19 to 9. It was a close game up to the fourth inning, after which the South Side boys found the pitcher for many long drives and succeeded in breaking all the bats and finished the game by using fence rails for bludgeons.

The North Side boys say the South Sides can't do it again—maybe not—who knows—time will tell. About 50 people witnessed the battle and lived to tell the tale of gory encounter.

Marriage Licenses

June 3—Clarence Erwin Harting and Agnes Beata Terba.
June 5—Philip D. Watson and Laura Dorthie Moerke.
June 5—Quin Sullivan and Mary Anderson.

Peoples Congregational Ladies Aid

The Ladies Aid of the Peoples Congregational church will be entertained by Mrs. L. E. Cameron and Mrs. J. B. Lawrence Wednesday afternoon in the church parlors. All members are expected to be present.

IS CONSTANTLY IMPROVING CITY

R. R. Wise Has Put Modern Buildings on Practically All of Front from Sixth to Fifth Streets

HAYDON BLOCK NEW FRONT

Two Story Solid Brick Front Being Added, Completion to be Made in Short Time

When R. R. Wise started to improve Front street from Sixth to Fifth street he wiped out a number of old landmarks or sites. The first big addition to Brainerd was the Ransford block and the Ransford hotel.

Then came the two story building which supplanted the old McFadden block.

Next in line was the improvement of the site of the old City Hotel. There Mr. Wise has built a three story brick building.

He next acquired the building in which the Haydon company is located and workmen are now engaged in tearing down the frame front to replace it with a solid brick two-story front.

Adjoining it is the 25 foot front Ideal hotel building owned by Mrs. Isabel Spaulding.

To the west of this is the new story brick building recently completed by Mr. Wise which replaces a frame building formerly at the southeast corner of Fifth and Front streets.

SUNDAY SCHOOL PICNIC

Children of Episcopal Sunday School to Enjoy Outing at Lum Park

At a recent meeting of the Ladies' Guild of St. Paul's Episcopal church, arrangements were made for the annual picnic of the Sunday school. The picnic will be held at Lum park, on Wednesday, June 14th.

Though St. Paul's church has now been closed for about a year, pending building operations, the Sunday school has been held regularly each Sunday at the Y. M. C. A. building, but no church services have been held. Under the superintendence of Mr. and Mrs. R. R. Gould, assisted by an enthusiastic corps of teachers, the school has actually increased its membership under these disadvantages. This certainly speaks well for the Sunday school workers.

DISPATCH ADS PAY

BE SURE

of perfect results on bake-day. Don't spend your time in preparing bakings that contain expensive ingredients and be disappointed when you take them out of the oven. Use

CALUMET BAKING POWDER

not because it's the biggest selling brand on earth, but because it is absolutely the most dependable and economical of all leaveners.

When you employ Calumet Baking Powder you know that your bakings will raise properly because it contains more than the ordinary leavening strength.

Don't waste energy and money on uncertain baking powder—use Calumet, the "pure and sure" brand.

A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.

15 GRADUATES AT PAROCHIAL SCHOOL

List of Pupils Successfully Completing Work of the Grammar Grades

HIGHEST AVERAGE 8TH GRADE

7th, 6th, 5th, 3rd and First Grades Scholarship Reported—Have Shown Excellent Scholarship

The graduating class of St. Francis school for 1922 consists of fifteen students.

The following pupil have successfully completed the work of the grammar grades and have shown general excellence in their studies; according to class standings they rank as follows: Mercedes Johnson, Angela Untereker, Alice O'Brien, Katherine Nolan, Raymond Remmels, Henry Nolan, Daniel Koop, Mildred Marohn, Lucille Cardle.

Highest average in 8th grade attained by Mercedes Johnson.

7th grade—Merian Liners, Mary Siegel, Eleanor Nolan, Lillian Bierhaus, Joseph Ryan.

Highest average in 7th grade Marian Liners.

A 6th grade—Lois Untereker, Magdalen Koepf, Beatrice Liners, Mary Gagnon, Maratha Remmels, Donald McNamara, Richard Wollett, Herman Busched, Frank Wise.

B 6th grade—Agnes Shields, William Larkin.

A 5th grade—Hugh McCaffrey, Edward Lien, Arthur Lemire.

B 5th grade—Allen Johnson, William McClenahan, Elizabeth Kohn.

A 3rd grade—Patricia Zwicky, Margaret Vadais, John Hoffbauer, Leo LeDoux, Patrick Murphy.

B 3rd grade—Naome Vilas, Alice Nolan, Leroy Peterson.

First grade—Leonard Lang, Julian Meyers, Jeannette McNaughton, Mary Horner.

CAUSE and EFFECT

Chiropractic goes several links farther back in the chain of cause and effect. While the germ theorist stops at the susceptibility of the patient, the chiropractor says that the susceptibility is a result of a lack of vital power or mental impulses, due to pressure on a nerve caused by a misaligned vertebra; and that when the vertebra is adjusted, the normal powers will again flow over the nerve, the effected will again become normal and the disease germs and every other incidental effect will disappear.

DAILY DISPATCH WANTS Bring QUICK RESULTS

AMUSEMENTS

"Turn to the Right"

"Turn to the Right," which proved such a source of wholesome delight as a play, yesterday opened a 2 day run as a motion picture at the Lyceum theatre and will be shown for the last time tonight, and in its screen version it proves fair even to exceed the popularity which it recorded on the stage.

Rex Ingraham, the youthful director who won fame through his creations of "The Four Horsemen of the Apocalypse" and "The Conqueror Power," has scored again in this picture portrayal of John Golden's stage success by Winchell Smith and John E. Hazzard, which is presented by John Golden and Marcus Loew as a Metro release.

"Turn to the Right" is the story of a country youth who unjustly serves a prison sentence. While there he becomes acquainted with two crooks. When freed he determines to go back home and arrives to find that the village skinflint is about to foreclose the mortgage. With the aid of his two crook friends a way is found to beat out the miser, while the influence of the trusting, religious mother serves to turn the two crooks to the right and head them on a new road of love and happiness.

Alice Terry, the heroine in "The Four Horsemen" and "The Conqueror Power," again demonstrates her dramatic power as the winsome sweetheart of the boy for whom she had waited so long. Jack Mulhall played the boy with sympathy and understanding. Harry Myers and George Cooper were two crooks who kept the comedy moving briskly. Edward Connelly, who can always be depended upon, painted the old skinflint deacon in a way that left nothing to be desired.

Thrills Galore in New Mix Picture

Tom Mix will bring a score of new stunts and thrills to the Lyceum theatre Wednesday and Thursday, when he will appear in his latest William Fox picture, "Chasing the Moon." Tom does many of his daring stunts in Russia, and much of the fun—which there is said to be an abundance—is in seeing the bewildered of a band of Russian bandits who never dreamed a human being could think so fast.

"CHASING THE MOON"
WILLIAM FOX PRODUCTION

Eva Novak is again Tom's leading woman. Others in the cast are William Buckley, Sid Jordan, Elsie Danbrige and Wynn Mace. Edward Sedgwick and Tom Mix are responsible for the scenario, and Sedgwick did the directing.

"Serenade" Without Dull Moment

There is a mighty good picture at the Park theatre. It is "Serenade," an R. A. Walsh-First National attraction, which opened an engagement of two days yesterday and more than pleased large audiences.

It is a colorful Spanish drama, with Miriam Cooper and George Walsh playing the leading roles. The fact that these talented artists are in the cast is sufficient proof of the excellence of the production, but it possesses many other points of appeal.

There is not a dull moment in it, the settings are scenic masterpieces and the direction masterful.

"Smilin' Through"

Norma Talmadge's latest First National starring vehicle, "Smilin' Through," is coming to the New Park on Wednesday and Thursday.

Advance reports state that this is the most ambitious production yet made by Norma Talmadge. It is an adaptation of Allen Langdon Martin's stage hit of the same name, in which Jane Cowl appeared on the speaking stage.

Norma, ever a great emotional actress, is said to have taken advantage of the great dramatic opportunity presented her.

"The Wolverine"

Five cameras were required to catch many of the daring deeds accomplished by Helen Gibson, Leo Maloney and Jack Connolly, the daredevil trio, in the making of "The Wolverine," the feature attraction at the New Park Sunday with Miss Helen Gibson appearing in person.

STORED UP FOR HISTORIAN

Writer Calls Attention to Real Value of Congressional Record, Not of Common Knowledge.

The Congressional Record is the butt of the humorist of today and the storehouse of political knowledge for the historian of tomorrow. It is the target at which the satirist shoots his arrows of wit, but it contains a compendium of information which stands as a permanent contribution to political science through the ages, when those who have cast their jokes and sneers have been forgotten. A mariner cast away on a desert island with nothing to read but the debates of congress could come away in a few years as eroded with facts as a college student on the eve of an examination. He would know something about nearly every subject under the sun, including romantic literature and poetry. He would have a substantial grasp upon the development of government, economics and political philosophy, says the Washington Post.

Every man who has ever spoken on the floor of the senate or house has added something to the sum total of what the Record contains. Even the errors propagated in debate are useful; they help one to ascertain the ultimate truth. Thomas B. Reed once said that every member of the house was an expert on some one thing; that it would be discovered that there was a substantial reason explaining why every man was there. A great deal of matter gets into the Record every day which at the time may seem irrelevant. With the passing of the years importance is emphasized. In 2022 the Congressional Record of today will be an invaluable repository of facts bearing upon all phases of life as it is now lived.

HAD NEW TELEGRAPHIC IDEA

German System of Communication in Warfare Was Something of an Innovation Then.

During the war the scientific world was much interested by the report that the German army was using a method of communication known as "telegraphy through the ground." Subsequent investigation by the interested nations appeared to show that the method was a compromise between wireless and one-wire telegraphy.

The two communication stations were not connected by wire. A wire was placed along the fighting front with both ends extending into the ground, and current from a Ruhmkorff coil or kindred apparatus was conveyed along it. Installed parallel to this wire, and some distance in advance of it was a similar wire, in which current was induced by the first, thus permitting the sending of signals.

The method is thus broadly similar to wireless, except that the ground forms the medium. Instead of the air, one would imagine, however, that although the method has the advantage that there are no intervening wires to be cut, it would be a very simple system to tap.

Truths We Never Hear.

"Your daughter has the worst voice I ever heard. She ought to have it filed."

ANOTHER ENTRANT FOR HOME RUN HONORS

"Bing" Miller of the Philadelphia Athletics, who looms up on the horizon as a contender for home run honors, Miller has accumulated eleven four base knocks, only one less than has Ken Williams, of St. Louis. These two players are leading Ruth a merry chase.

New York's Sanitary Districts.

New York has four square miles of sanitary districts with over 250,000 population per square mile. The New York city 1920 census committee, Dr. Walter Laidlaw, executive secretary, has issued the following statement:

"The permanent map for the taking and tabulating of the population of New York on which the census of 1920 was enumerated has 3,427 sanitary district areas. Sixty-six of these in 1910 whose acreage totaled 2,866 then had a population of 1,298,657, an average of 453 persons per acre. If the whole area of New York in 1910 had been populated as densely as these 2,866 acres the equivalent of the whole population of the United States, and then some, as in 1910, could have been packed within the limits of Greater New York."

This number of persons per acre in congested districts is now reduced to 302, the statement adds.

Of Archeological Interest.

An interesting sequel has occurred to the fire which recently gutted All Saints' church, Petham, near Canterbury, says London Answers. During the examination of the walls with a view to reconstruction there were discovered beneath a layer of plaster paintings of two consecration crosses in colors, finely preserved, probably of the Thirteenth century. It is anticipated that from these it will be possible to determine the approximate date of the consecration of the church. Arrangements have been made for the careful removal of all the plaster and other interesting and, from an archeological point of view, valuable discoveries are expected.

Greatest Collection of Americana.

A wonderful new library is about being built in connection with the University of Michigan at Ann Arbor, and when it is finished it will house the greatest collection of Americana in the world. The collection and library are the gift of William C. Clements, a member of the board of regents of the university. The best part of his life and a great part of his fortune was spent in the collection of rare books of American history. The volumes alone are said to be valued at \$300,000.

Nearly Accurate.

The standard kilogram weights from which all other weights in the United States derive their calibration have just been checked by the bureau of standards and found to be accurate to within two one hundred millionths of their mass.

MAJOR NICHOLSON IS FOUND GUILTY OF VIOLATING ARMY RULES

(By United Press)
Camp Dix, N. J., June 6.—For going over the heads of his superior officers and writing a letter to President Harding charging the service with being "Prussianized," Major Malcolm Wheeler Nicholson was found guilty of technical violation of army regulations by a general court martial here last night. He was fined fifty files which put him in the rear of 50 majors who he had helped for promotion.

STATE AUDITOR DISTRIBUTES \$20,000 TO POULTRY ASS'NS

(By United Press)
St. Paul, June 6.—R. P. Chase, state auditor, today distributed \$20,000 to poultry associations as reimbursement for premiums paid. Owing to shortage of funds, only 94 cents on the dollar can be paid by the state this year, he told the associations.

Happiness Recipe.

The grand essentials of happiness are—something to do, something to love, and something to hope for.—Boston Transcript.

Marionette Shows in Italy.

Most Italian cities have permanent resident companies of marionette managers. Genoa has a very good show now and always has an excellent season at Christmas and at carnival time and at Easter, when a Venetian manager generally brings a good company of marionettes to town.

Had Close Shave

"My wife and children thought I was dying when, after an attack of acute pains in my stomach, I became unconscious. It was right after our Sunday dinner. They say I looked like dead and guess I had a pretty close shave. I had been having more or less stomach trouble and bloating with gas for past two years and could get no permanent help. Talking with a friend about my attack, he advised me to try Mayr's Wonderful Remedy. I have not had any gas or stomach trouble since taking it eighteen months ago." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Johnson's Pharmacy.

Saving and Serving

THE Standard Oil Company (Indiana) stands squarely on the principle that the man who saves and invests is a better citizen as well as a happier and more useful employee than the one who lives "from hand to mouth" and spends his income as fast as he earns it.

To promote the habit of saving, and to insure that feeling of security in the future, which frees a man's mind from worry, enabling him to give all his energy to creative activities, the Standard Oil Company (Indiana) a year ago put into effect, for its employees, a stock investment plan.

Under this plan an employee may save as much as 20 percent of his yearly wage. To every dollar thus saved the Company adds 50c. This money is invested in stock of the Company as fast as sufficient money accumulates to buy one share; for instance, if a man or woman saves \$560.00 a year the Company adds thereto one-half of that amount, or \$280.00, which will buy 10 shares at the established price for 1922.

Whether or not he takes advantage of this plan is optional with the employee. The fact, however, that the majority of the employees who have been with the Company one year, or more, have availed themselves of the opportunity is convincing evidence that the plan meets a definite need.

Since the plan went into operation it has been apparent that the employees take a greater interest, not only in the work which engages their attention, but what is more important, in the service the Company renders the public.

This is not surprising, for a man with money invested has a stronger interest in a business, and a keener appreciation of his value to the community than a man who has never assumed this responsibility.

Therefore, this stock investment plan for employees of the Standard Oil Company (Indiana) is an important factor in continually improving the service rendered the public by the Company.

It is but another evidence of the care and forethought exercised by the management in its endeavor to perfect an organization which shall render to the public a maximum of sustained service.
